Last Updated Sunday, 21 October 2007

You should place file Schedule.csv(or other file) in experts/files folder.

All settings are described in the code.

In the file you should use following format:

date;time;symbol;order's name;order's price;stoploss;takeprofit;duration(in min);

For example:

26.07.2007;15:50:00;GBPUSDM;BuyStop;2.050;0;0;0;

26.07.2007;15:50:00;GBPUSDM;SellStop;2.044;2.046;2.041;30;
